NEW Dash Cam Range

Vapormatic is pleased to introduce a new range of robust, dash-mounted cameras to the audio-visual range. Whether you require a 'plug and play' solution for your fleet, or a hard-wired kit, these high-definition products feature fully adjustable lenses and full colour screens with excellent night-time performance.

VLC5663, has the added advantage of being supplied with a 12V plug adaptor and a suction pad. Therefore, customers who want the flexibility of a plug and play kit that can be moved between vehicles can buy this product without the expense of having to purchase an additional wiring kit.
